

Addiction Resource

Addiction Resource was founded in 2014 to provide a community for those recovering from addiction and to help patients find the highest quality care for a successful recovery. Our goal is to provide resources to help patients and their loved ones so that they may stay on the road to recovery, and can successfully overcome addiction for life. We believe in our ability to help improve the lives of others, and belief is what motivates us to educate and support our readers every day.

Addiction Resource is not a treatment center and does not accept payments or advertising offers. Instead, we work to provide free resources to help people better understand their addiction and motivate them to make the first step in seeking support.
